

HOW YOU CAN HELP

Duldig Studio is a house museum, artists' studio and sculpture garden located in East Malvern, Melbourne, Australia. The story of the Duldig Studio artists, sculptor Karl Duldig (1902-1986) and his wife Slawa Duldig (née Horowitz), artist and inventor, is one of survival and resilience. A rich collection of sculptures, paintings, drawings, decorative arts and many historic documents illustrate pre-war European Modernism and culture as well as show how refugees and migrants have shaped Australia.

Please help us preserve this unique treasure and develop the resources to educate future generations.

Duldig Studio is a registered charity. All donations are fully tax-deductible.
