Artist Slawa Horowitz-Duldig was a very inventive woman and in 1929 when living in Vienna, she designed and made the modern folding umbrella - the kind of umbrella we all carry around in our bags ready for a rainy day! We have her original drawings and the first umbrella she made in our museum collection. It is a very special part of our story.

Colour or decorate your own umbrella 

How will you design your umbrella? You can be as inventive or imaginative as you like!

Make sure you share your umbrella design with us on Instagram! #duldigkids
